## FOREWORD

The Rhode Island Board of Elections is pleased to publish the **2006 Primary & Election Count Book**. The data contained in this publication is the official record of votes cast in the Statewide Primary, September 12, 2006 and the General Election, November 7, 2006. This information includes the results for the federal and state offices in Rhode Island in 2006, including the results of the state referenda questions on the ballot for the General Election.

In reviewing this publication, I would like to bring your attention to certain statutes that affect this publication as well as a few of the highlights that marked this election cycle:

(1) During the legislative session of 2004, the General Assembly adopted a change to RIGL 17-22-7(d) Book of record of votes – Contents was changed to allow the state board to report all write-in votes received by persons, not otherwise qualifying to appear on the ballot and receiving less than five (5) votes in a race, as a composite total of all write-in votes cast for said office in this publication. Consequently, only those individuals who received 5 or more write-in votes in any one race are listed individually in this record of votes.

(2) Within 4 hours of the close of the polls, the Board of Elections in 2006 provided the citizens of Rhode Island with an unofficial count of all ballots cast and completed an election day count of over 15,000 mail ballots received by the Board. This was an achievement unprecedented in Rhode Island election history.

(3) The Board, in 2006, complied with the 2002 Help America Vote Act disabled voter accessibility requirement for election equipment by supplying each of the 565 precincts with the AutoMARK voter assist terminal. Additionally, The Board again ensured that the Provisional Voting requirement under the Help America Vote Act was available to voters who might have otherwise been disenfranchised.

(4) Finally, we are displaying the results of votes cast at a precinct level. Each voting district in the state constitutes a precinct with a unique number. To determine the physical location of a precinct, refer to the section in this publication entitled 'Polling Place Locations'. Each precinct is made up of congressional, senatorial, representative, ward & ward district (if applicable) and voting district.

On behalf of the commissioners and staff of the Board of Elections, we welcome any comments and suggestions regarding this publication. Please feel free to call the Board at 222-2345 or submit your comments or questions at <http://www.elections.ri.gov/comform.htm>.

Sincerely,

A handwritten signature in black ink that reads "R Kando". The signature is fluid and cursive, with the first letter of "R" being particularly large and stylized.

Robert Kando  
Executive Director

## GLOSSARY of ELECTION TERMS

**Candidate** – a person who has qualified under law to have his or her name appear on the ballot for nomination for election or election to office.

**Independent Candidate** – a candidate who has no affiliation with any political party.

**Irregular Ballot (Write-in Vote)** – a ballot voted for any person whose name does not appear on the ballot as a nominated candidate for office; a ballot in which a voter has, in the appropriate space, written in the name of a person for a particular office and made the requisite mark between the head and tail of the arrow within the optech ballot voting area next to the name written in (see “Vote”).

**General Election** – an election held on the first Tuesday next after the first Monday in November in even numbered years.

**Limited ballot** – a voter who moves from one city/town in Rhode Island to another city/town in the state less than six (6) months prior to an election or primary, and who fails to register to vote in his/her new community, is eligible to cast a ballot for federal and statewide offices pursuant to R.I.G.L. 17-9.1-16(b).

**Mail Votes** – votes cast by mail by persons who are unable to vote in person at the polls for the reasons set forth in R.I.G.L. 17-20-2 and who are otherwise qualified to cast mail ballots.

(Note: In statewide primaries and elections, mail ballots are tabulated at the Board of Elections on optical scan centralized count voting equipment.)

**Overvote** – occurs when a voter makes too many selections (see “Vote”) for a particular office (i.e. If, for a particular office, the voter may vote for 5 candidates, and the voter casts votes for 6 candidates, the ballot will be considered to be overvoted for that office and be rejected. The voter will then be given the opportunity to remake his or her ballot.)

Note: Rhode Island’s optical scan voting equipment will reject any ballot upon which a voter cast more votes for an office than that which the voter is eligible to cast.

Political party – a political organization which at the next preceding general election for the election of general officers nominated a candidate for governor and whose candidate for governor polled at least five percent (5%) of the entire vote cast in the state for governor, or any political organization which at the next preceding general election for president of the United States nominated a candidate for president and whose candidate polled at least five percent (5%) of the entire vote cast in the state for president, or any political organization which shall have achieved party status via the petition process outlined in R.I.G.L. 17-1-2(9). An organization which shall have achieved political party status shall retain that status until the next election for the office at which said party shall have achieved said status.

Polling Place – the physical location where voting takes place.

Precinct Votes – votes which are cast and tabulated in a precinct (voting district) on optical scan precinct count voting equipment. In this book, the abbreviation “**PREC**” is used to mean Precinct.

Primary Election – an election to select the candidates (nominees) of a political party.\*\*\*

#### Provisional Voting

Provisional Voting is a process to insure that all registered voters are allowed to participate in the election process. These qualified voters will be allowed to cast the same ballot as all others however, the disposition (full ballot, federal offices only, or disqualified) of that ballot will be determined by the voter’s local board of canvassers.

Persons allowed to vote a provisional ballot:

- An individual whose name does not appear on the list of registered voters for the voting district or the community but claims they have registered to vote
- An individual whose name does not appear on the list of registered voters for the voting district but does appear on the community list and the voter contends they are voting in the correct voting district
- An individual who does not have an approved form of identification, as required
- An individual has been challenged by an election official

Public Office – any federal, state, municipal, school, or district office or other position that is filled by popular election, except political party offices which shall mean any state, city, town, ward, or representative or senatorial district committee office of a political party or delegate to a political party convention, or any similar office.

Referendum – Any proposition of amendment of the Constitution or any public question submitted to the electors of the state or a municipality for popular vote.

Representative District – a subdivision of the state established by the legislature for the purpose of electing a representative to the Rhode Island House of Representatives, the size of which is based on population data from the latest decennial census. Each representative district includes approximately 14,000 persons.

Senatorial District – a subdivision of the state established by the legislature for the purpose of electing a senator to the Rhode Island Senate, the size of which is based on population data from the latest decennial census. Each senatorial district includes approximately 27,600 persons.

Undervote – occurs when a voter chooses not to make a selection (see “Vote”) for a particular office on the ballot or, in those races where the voter may vote for more than one person, the voter chooses not to cast votes for the total number of persons for whom the voter is eligible to cast votes.

Vote – any mark made between the head and tail of the arrow within the optech ballot voting area next to the party, candidate or question, as is applicable, for whom the voter casts his or her ballot, except as provided in R.I.G.L. 17-20-24(a).

Voting District (Precinct) – a subdivision based upon geographical boundaries and established by the local board of canvassers wherein registered voters are grouped. Except in certain circumstances a voting district may not exceed 1,900 voters.

Ward – a subdivision established by and within a community, the size of which is based on population data from the latest decennial census. Most communities which have established wards elect representatives from each ward to serve on local legislative bodies or boards.

(Note: Generally, though not always, wards are found in cities; many towns may refer to similar subdivisions as “Council Districts”.)

Ward District – a voting district within a ward.

Write-in Candidate – a person receiving votes by virtue of having irregular ballots (“write-in votes”) cast for him/her.
